### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance:

The primary reason for allowance of claims 1-15, 17, 18, and 24-30 is the inclusion of an eliminating means for transferring used toner collected from a cleaning station to a used toner container. The means is interrupted in order to enable a replacement of the used toner container free of printing interruptions and has a controllable coupling that can be actuated during replacement of the used toner container. The controllable coupling is connected between a drive and a conveyor shaft of the means for toner elimination. This is found in all of claims 1-15, 17, 18, and 24-30, but not disclosed nor suggested by the prior art of record.

The primary reason for allowance of claims 31-35 is the inclusion of a method of interrupting a flow of toner in an eliminating means, and replacing the used toner container without interrupting a printing operation of the printing unit. This is found in all of claims 31-35, but not disclosed nor suggested by the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
